Seminars for Tax Pros

Two-Day

2011 Income Tax Update

with Chris Bird, CFP

Chris Bird is a tax expert and national lecturer on individual income, corporate income and real estate tax issues. Dynamic and entertaining, Chris makes complex material easy to understand. His background includes over 16 years experience as an IRS agent in Springfield, Illinois serving as a field agent, a branch manager and a training director.

Chris is a Certified Financial Planner, and held an Enrolled Agent Card for more than 20 years. He has previously been a major contributor to the University of Illinois Tax School Manual and an instructor at their seminars held throughout the state of Illinois.

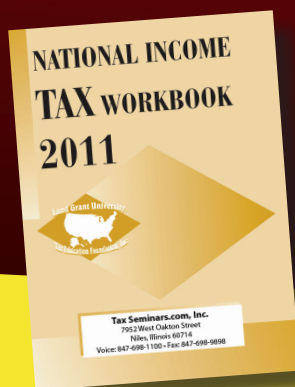

Chris has presented income tax courses to thousands of CPA's, attorneys, and enrolled agents nationwide. He has presented preparation courses for the Enrolled Agent Examination throughout the country for many years. Chris is a frequent speaker for Professional Tax and Accounting Associations nationwide.

The seminar will include a broad overview of both the Current Federal and Illinois tax issues, and recent developments including current court cases and rulings. We will review current (late 2010 and 2011) legislation and legislation that becomes effective in 2011. Among the subjects that will be discussed will be casualty gains and losses, real estate issues the PTIN program and ethical challenges.

The Invaluable Tax Workbook included with your seminar registration, is a bound, approximately 700 page volume with a complete index. You will receive a CD containing the entire 2011 Workbook. Included on the CD are the Workbooks from at least the previous four years (2010, 2009, 2008, and 2007) — all in a searchable format. If changes warrant, you will receive a supplement covering the current income tax items of interest, in addition to the regular electronic updates.

The various chapters in the textbook are written by authors with expert knowledge in preparing individual and small business income tax returns. The *Tax Guide* is used in tax schools held in 26 states during the fall each year to teach more than 28,000 tax practitioners. This book is available only to sponsors of tax schools and to participants in the tax schools as part of their educational material.
